

## Education Subject Guide

---

The Education collection in Hillman Library is focused on the five departments within the School of Education: Administrative and Policy Studies; Health and Physical Activity; Instruction and Learning; Learning Policy Center; and Psychology in Education.

In support of these departments, materials are collected for the study of educational research, elementary and secondary education, educational technology, school leadership, special education, higher education management, literacy research, cognitive studies, kinesiology, early childhood education, math and science education, social and comparative analysis, physical education, and applied developmental psychology. Most of these titles are shelved in the L section of Hillman Library, with additional titles in the GV's and bibliographies in the Z5800's.
