

GUIDE TO USING GED ONLINE

ACCESS: GED Online is a free database, and available on the web at <http://qesdb.cdie.org/ged/index.html>

SEARCHING THE DATABASE:

I. UNESCO and DHS Sections:

3. Now select a country, or multiple countries (hold the Ctrl key)
4. Select a year, or multiple years (hold the Ctrl key)
5. Select the output format:
HTML, Excel, or Word Table
6. Submit Selections

Total Tertiary Enrollment
 Select countries and years:

To select more than one country or year, hold down the "Control" key and "click" on the desired countries and years. To select a group of contiguous countries and years, hold down the "Shift" key and the left mouse button while highlighting the desired selections.

Press the "Submit Selection" button to generate the report table.

Rank by Latest Year
 Create HTML Table
 Create Excel Spreadsheet
 Create Word Table

Submit Selections

NOTE: When you select Excel, or Word table formats, you will be prompted to open or save the file to your desk top (see below)

Warning: There is a possible security hazard here.

Opening broker.doc using Winword.exe.

When you download a file from the network, you should be aware of security considerations.

A file that contains malicious programming instructions could damage or otherwise compromise the contents of your computer.

You should only use files obtained from sites that you trust.

What do you want to do with this file?

Open it
 Save it to disk

Always ask before opening this type of file
 Open DLE server in place

OK Cancel

II. Country Table Section: This section is accessed in the same manner as above, the only exception is that you must select one country first, then you can select multiple indicators, years, and finally the format.
