 - [일제하 공판기록 자료집 인명색인](#)(Name index to the trial records during the Japanese colonial period): a tool for locating any individual's case among the three hundred eighty-five volumes of the reprint set of trial records from the Japanese court in Korea from the late 1920s to 1944. The records comprise official summons, descriptions of defendants, the charges against them and the actual court proceedings. One of the most important primary resources on modern Korea, it shows the workings of the Japanese judicial system in Korea and offers a detailed background on Koreans who were prosecuted in the system.
